

Junior Program Analyst (Norfolk, VA)

Abbott On Call is looking for intelligent, driven, and energetic engineers for open positions in Norfolk, VA. Our Systems Engineering firm is a leader in engineering, modular ship design, development, test and validation, and interface verification and validation.

Applicants must have the following:

- Bachelor's level degree in a business or technical field

Collect, review, and analyze information to make recommendations to the Government.

Define the nature and extent of problems. Analyze relevant data, which may include annual revenues, employment, or expenditures. Interview managers and employees while observing their operations. Develop solutions to problems. While preparing recommendations, understand the nature of the organization, the relationship it has with others in the Government, and its internal organization and culture. Prepare and solve mathematical models.

Report findings and recommendations to the Government. Reports are usually submitted in writing, but oral presentations regarding findings are also common. For some projects, management analysts are retained to help implement the suggestions they have made.

Abbott On Call is proud to offer highly competitive salaries, a flexible work environment, and invaluable firsthand experience delivering mission-critical solutions for our customers. Our employees are our greatest asset, and our competitive benefit options are designed to support and protect our employees and their families. We offer robust Medical, Prescription, Dental, and Vision coverage, Life, Short-Term, and Long-Term Disability Insurance. We enable you to shape your financial future with a self-directed 401(k) and Tuition Reimbursement program. We promote a healthy work-life balance with flexible scheduling and PTO program. Apply to join our team and work alongside peers with unmatched expertise in a workplace environment that fosters learning and growth.

Please submit your application to resumes@aocinc.net.
